Sub:-- Issue of smart card for cashless treatment under CPRMSE.

Dear Sir,

It is brought to your kind notice that many of the empanelled hospitals are not providing cashless facility to retired executives and whenever they go to hospitals, they are told that CIL and its subsidiary companies are delaying the payment on one count or other. The retired executives are residing all across India and settled at different places and at this age, they are feeling harassed unnecessarily. The empanelled hospitals want a letter of endorsement from the company from where the benefit is being extended to ensure that there is enough balance left in the account of beneficiary. It is matter of great concern that when the retired executives visit the hospitals in emergency in odd hours and need immediate medication, how the hospitals will get endorsement from the respective companies. Also the beneficiaries are unaware of the balance amount against them as there is no mechanism to inform the beneficiary after every treatment and payment of bills to the hospitals.

All India Association of Coal Executives (AIACE) demands that smart cards should be issued to all retired executives in which all necessary particulars be mentioned so that whenever they go the empanelled hospitals, immediate medication starts without any delay.

Hope, early action will be taken on our demand.

Regards,

P K SINGH RATHOR

Principal General Secretary
