Subject: Request for a meeting with AIACE/AICPA representatives on the issue of review/reform in Coal Mines Pension Scheme 1998 (CMPS -1998) and revision of pension thereof

Hon'ble Sir,

AIACE is a registered Trade union under the Trade Union Act, 1926 for looking after the welfare of public sector coal executives. Its character is unique in nature given the fact that its members are both **WORKING** and **RETIRED** Executives from coal industry and the Association is not affiliated to any of the Trade Union wings of any political party of the country.

Our members also include many of retired CMDs/directors of coal companies who have guided and nurtured the coal sector for the present growth but these stalwarts of yester years along with other retirees are facing hardship in their sunset years due to slow pace of pending reforms in their CONTRIBUTORY pension scheme called CMPS-1998 being operated by CMPFO under the Ministry of Coal.

Gross mismanagement of fund and non-implementation of statutory provision under CMPS 1998 regarding review and revision every three years have been pointed out by various agencies which have also suggested ways to come out of this darkness.

AIACE and AICPA (All India Coal Pensioners Association) had been highlighting these issues in the past. We have also approached around 80 Members of Parliament including Sri Nitin Gadkari Jee, Sri Ravi Shankar Pd Jee, Sri S D Sadanandgowda Jee and others to bring our issue in your knowledge.

It has been learnt that coal ministry has initiated certain steps based on Action Taken Report (ATR) of 12<sup>th</sup> Report of Public Accounts Committee (17 Lok Sabha) attached to the Ministry of Coal. ([http://164.100.47.193/lsscommittee/Public%20Accounts/17 Public Accounts 36.pdf](http://164.100.47.193/lsscommittee/Public%20Accounts/17%20Public%20Accounts%2036.pdf))

We shall like to add our inputs in a personal audience with you to share our views to accelerate the process of pension enhancement process without seeking any budgetary support from government.

We wish to have a one-to-one appointment with you in your Office or any suitable place convenient to you.

With great expectation for getting appointment for the meeting.

Yours sincerely,

(P.K. SINGH RATHOR)

Subject Request for a meeting to highlight the plight of coal pensioners of the state and meagre Pension to them due to non-revision and being stagnant for last 23 years.

Honorable Sir,

Coal industry is the back bone of the economic growth of the state but its growth may be hampered in future as it may not remain an attractive employment sector in which the employees do not find a secure life in their post-retirement life. The coal industry has survived due to hard and dedicated service of workers but they are being denied a life to live with peace and dignity in their post-retired lives.

To prove ourselves, we would like to bring to your notice the problems being faced by the retired officers and employees of Coal India and Singareni Collieries Company Limited and request you to highlight our issue with the Ministry of coal, Government of India for initiating action for revision of pension.

We had been highlighting these issues in the past. We have also tried to meet around 80 Members of Parliament so that they too carry our gloom to authorities. Subject Request for a meeting to highlight the plight of coal pensioners of the state and meagre Pension to them due to non-revision and being stagnant for last 23 years.

Honorable Sir,

Coal industry is the back bone of the economic growth of the state but its growth may be hampered in future as it may not remain an attractive employment sector in which the employees do not find a secure life in their post-retirement life. The coal industry has survived due to hard and dedicated service of workers but they are being denied a life to live with peace and dignity in their post-retired lives.

To prove ourselves, we would like to bring to your notice the problems being faced by the retired officers and employees of Coal India and Singareni Collieries Company Limited and request you to highlight our issue with the Ministry of coal, Government of India for initiating action for revision of pension.

We had been highlighting these issues in the past. We have also tried to meet around 80 Members of Parliament so that they too carry our gloom to authorities. The ministry is also learnt to have also initiated certain steps based on Action Taken Report (ATR) of 12<sup>th</sup> Report of Public Accounts Committee (17 Lok Sabha) attached to the Ministry of Coal. ([http://164.100.47.193/lsscommittee/Public%20Accounts/17\\_Public\\_Accounts\\_36.pdf](http://164.100.47.193/lsscommittee/Public%20Accounts/17_Public_Accounts_36.pdf))

We wish to add our inputs to you in a personal audience with you to share our views to accelerate the process of pension enhancement process without seeking any budgetary support from government.

To explain our difficulties and the probable steps to overcome the constraints, we wish to have a one-to-one appointment with you at any place of your convenience.

With great expectation and kind regards,

Yours sincerely,
