Sub:-- Assault of NEC executives by trade union leaders and workers.

Dear sir,

It has come to our knowledge that some trade union leaders and workers in NEC, Margeherita stormed into the office of agent of of Tipong colliery on 31/10/2017 and misbehaved and manhandled the executives there. They were putting illegal demands which the concerned executives did not agree to. They came in drunken condition and abused, physically assaulted, threatened of dire consequences including killing and kidnapping . This incident has created a panic among executives and they are very much scared ,afraid and feeling highly unsafe. The assaulters have also threatened to implicate executives in a legal trap.

They also made videos of this incident and are distributing among the people of Margherita to demean, humiliate the officers.

The executives posted in NEC are working very far away from their homes and are feeling very much helpless.

This incident is the result of tightening of discipline in NEC for ensuring attendance of all employees at work place and action against the persons found absent from duty after putting

attendance. When CIL is gearing up for achieving 1000 MT by 2019-20 as per the desire of the honorable coal minister, such incident will impede the growth from there as officers will not be able to control workers and take work from them . It is brought to your kind notice that NEC executives are vulnerable to kidnapping and killing and several incidents have taken place in the past in this coalfield.

In view of the above, All India Association of Coal Executives(AIACE) demands detailed enquiry into the incident and strict action against the assaulters and proper safety and security to officers at work place and in colony to avoid such incidents in future.

Regards

P K SINGH RATHOR
