Sub:- Providing PPE to Doctors and Health Workers in view of Coronapidemic

Dear Sir,

The corona virus which originated in China has widely spread in our country. Coal India is also helping the people with its meager contribution. It has pledged Rs 220 crore to the Prime Minister's Citizen Assistance and Relief in Emergency Situations Fund (PM CARES) to fight against corona virus pandemic. CIL has also established sanitization chambers in most of the coalfields for their workers and also distributed a large number of masks and sanitizers among employees and local people.

Along with CIL, its Doctors and other health workers are also providing exemplary services to the employees and their families to keep them safe. Although, major hospitals in every subsidiaries have been taken over by government agencies, remaining doctors and health workers of CIL are also engaged in remaining hospitals of CIL.

Under the stated circumstances, it is requested that CIL may take needful measures to provide PPEs (Personal Protective Equipments) to these Doctors and Health workers who are the real warriors against Corona outbreak.

With best regards,

P K SINGH RATHOR
Principal General Secretary

Copy to:

1. Chairman-cum-Managing Director, Coal India Ltd.
